User Manual

1. Run the program
2. Open the local host link or type it into your browser
3. When the webpage opens up, you can search for a company by the dropdown box or the search box (please note: the search box needs names spelt correctly to find the correct page. If having trouble finding the names, please look at the dropdown box for the correct spelling)
4. Continue to choose different companies as you see fit in step 3.
5. Click the home link to return back to the home page.
